

## PRESIDENT MACKENZIE VISITING EDMONTON

Head of the Canadian Northern Reached the City To-day  
and will Confer with the City Authorities Regarding Local Railway Matters

President William Mackenzie, of the Canadian Northern, and party of officials reached the city today by special train and will remain until tomorrow evening returning with the board of trade excursion to Winnipeg. With the president are D. B. Hanna, third vice-president, Frederick Nicholls, president Canadian electric company, W. A. Brown, general superintendent of C. N. line and Colonel Sam Hughes. While in the city President Mackenzie will confer with the city council and board of trade regarding matters of concern to both parties. When seen by the Bulletin reporter this afternoon Mr. Mackenzie preserved the proverbial reticence of the railroad president. He had nothing to give out for publication. Asked if there were any questions for settlement between himself and the city of Edmonton he said that there were none that he could think of at the present time. When asked what western extensions were to be made this summer, he said that it was too early in the year yet to say anything about that. "Is there time yet, then," he was asked, "to make arrangements for a campaign of western construction for 1906?" "Oh, yes, certainly," said Mr. Mackenzie. "For construction into the mountains by the Yellowhead pass, for instance?" "Oh no. We are not bothering much about the Yellowhead and mountain construction at the present time." "There will be no railroad building

in the mountains this year?" "No; there will not." "That means that whatever building is to be done during the coming summer is to be in the nature of local work?" "Yes, that is the situation." "What will these branches be?" "I could not say. As I said before, it is too early to make any definite statement." "How about the Morinville branch?" "Grading is done on that branch. I guess you will find that the steel will not be far behind the graders." "Then the Morinville branch will be completed the first thing in the spring?" "I guess it will." "How about the union depot?" "Well, we are here and I think the other roads will find us very reasonable to deal with." Mr. Mackenzie said they did not break any records in coming west, as they did not want to pass Fort Saskatchewan before daylight, in order to see the bridge there. He said that they found construction progress perfectly satisfactory there. The party spent the day looking about the city, Mayor May acting as guide.

## SCOTSMEN GATHER ROUND THE FESTAL BOARD

The Memory of Scotland's Greatest Bard Honored by a Splendid Banquet in the Queen's Hotel Last Evening

It is one hundred and ten years since Robbie Burns passed beyond to be one among the countless dead, but that his words and his works live after him, although proven by a thousand ways before, was never more fittingly demonstrated than at the anniversary banquet given in the Queen's hotel last night, when one hundred good and loyal Scots sat down to the festive board to commemorate the day of his nativity. The Edmonton St. Andrew's society has every reason to be proud of the function conducted under their auspices, and the brilliancy of the oratory, the sparkle of wit, the harmony of song and the fitness of poetry and prose, to say nothing of the excellence of the repast were all tributes to the great bard who came from the cotter's home in Scotland's darkest hour to build her national spirit and make her famous among the lands of the earth as a country with a folk lore and a literature equalled by few and surpassed by none. When the first toast was announced last night there were at least one hundred ardent Scotchmen gathered around to hear the opening address by the president, and from that time until the early hours there was not a dull moment. The tables were set three-square with his honor the Lieutenant Governor at the head, to the right of the toast master of the evening, Mr. G. J. Kinnaird. About the board were gathered parliamentarians, legal lights, business men of every line, literateurs, representatives of every profession—in fact, a genuine Scotch gathering, representative of Scotland and success. In his duties as toast master Mr. Kinnaird carried off his part of the program with modesty, but a thorough appreciation of the momentousness of the occasion, taking no time to himself as chairman, but giving the whole of the evening to the invited speakers the length of the program leaving little time for each speaker, and none for the elected host. The speakers themselves were Mr. Ross, who responded to the toast of "Robert Burns," Attorney-General Cross, who replied to the toast of "Our Parliamentarians," Duncan Marshall in reply to "Scotland and the Men who made her," Mr. Geo. P. Smith of Dalhousie in reply to "The land we live in," and Mr. Reid in an original poem written for the occasion and entitled "The Haggis and The Cakes." The toast list after having paid due respects to the creative comforts of the banquet, was commenced with the first toast to "The King," which was responded to by Mr. Reid, who in a brief address commended the Scotchmen on their loyalty to King and country and to the ideals which had made Scotland great. His address was followed by a song by Mr. McKee, "Robin was a Rovin' Boy" which was well received. To the second toast, "Robert Burns," Mr. Reid, in his reply, showed a familiarity with the life and history of the great Scotch bard which proved that he was not only a devoted admirer of the great Scotch poet, but a student of him as well, having studied Burns, not only in his works but in his life and his ways, and a more touching tribute to the pathos which surrounded the life of the songster-playman than the words of Mr. Reid would be hard to find. His appreciation of the father of Scotland's folk lore followed fittingly by Mr. Geo. A. Reid in a poem of his selection entitled "Scotland's Poets," and by the immortal poet's most famous song, "A Man's a Man for A' That," sung by Mr. Moore. To the toast of "The Governor General and Lieutenant Governor" Lieutenant Governor Bulger made a humorous and very catchy after dinner oration in which he stated that while he was unable to trace his lineage to the Scotch race, he recognized the great part which Scotchmen and Scotchwomen had played in the history of the British Empire and in the history of Canada, in particular and he was glad to be one of those who gathered around the board to do honor to the greatest Scotchman. To the toast of "Our Parliamentarians," Mr. Cross was called to respond, and his address, while not long, showed the touch of the natural born orator.

## FAST GAMES NEXT WEEK

Rossland Team are Champions of British Columbia and will Play Swift Hockey

Unless all the signs fail, Edmonton is to see something in the hockey line on Monday and Thursday evenings next such as the admirers of the great Canadian pastime have not seen on Alberta ice before. That the Rossland team which is to visit this city is swift goes without saying. They stand today as the champions of the mountain country and it is the claim of their admirers that they comprise the fastest bunch of stick handlers between Winnipeg and the western limit of the national game. Listed in their line up are several puck chasers who are known to every follower of the hockey game in the mountain country and in a large part of Alberta. Two of them at least have been approached within the past year by the managers of fast eastern teams and no doubt every man on the Rossland aggregation would acquit himself well on any ice. The following is the line up of the visitors as they will go onto the ice when they reach this city: Macdonald goal, Robertson point, Lafferty cover point, Jamieson rover, Hood centre, Crawford right wing, Howarth left wing, Donohue spare. Among these the best known men in the mid mountain country are the forward line, Hood at centre, Howarth at left wing and Crawford at right wing. These three are the keystone of Rossland's greatness on the hockey ice. Eight years ago, in the winter of 1898 and 1899, they were part of an intermediate team which went to Rossland from Sandown to play there for the intermediate championship of the Kootenay country. ## NECK DISLOCATED BY FALL FROM SLEIGH

New Arrival Dies at Public Hospital as Result of an Accident Early in the Week—Leaves Wife and Children

Peter Clark, an employee of the Breckenridge dairy, died in the public hospital on Wednesday as the result of injuries sustained in an accident on the preceding day. Clark, it appears, went for a load of hay a few miles north of town and while adjusting the binding pole to secure the load, the pole broke, precipitating him to the ground. He was brought to the hospital, where it was found his neck had been dislocated. He died, however, until Wednesday morning. Deceased was twenty-six years of age. He was an Englishman and came to Edmonton from Millet on Monday, only beginning work for the dairy on the day on which the accident occurred. The funeral took place this afternoon at 2 o'clock. Deceased leaves a wife and two small children, it is understood, in straitened financial circumstances.

## Trimble Won Grand Challenge

Trimble of Lacombe defeated H. Campbell of Edmonton, in the finals yesterday afternoon at five o'clock. Trimble is now possessor of the Grand Challenge shield, and winner of the first prize, a set of beautiful silver emblems. The game was played on rink two and for the first half promised well for Campbell. At the end of the fifth end the score was a tie, 3 all. After this the game was all in Trimble's hands, and Campbell only managed to score in one end. The twelfth end was not played and the score ended 13-6 for Trimble. The game was watched throughout by an enthusiastic crowd of spectators, who cheered the brilliant plays made by the Lacombe men. Campbell and his rink have made a great showing all through the bonspiel. Continued on Page Eight.

#### THE GREAT BARD

Scotsmen Across the River Celebrated  
Last Night in Royal Style

Strathcona, Jan. 26.—The 147th anniversary of the birth of the great Scottish poet was celebrated here in Ross Hall last night. This hall was well filled by an enthusiastic and appreciative audience. Premier Ruthven took the chair about 8.30 p.m. and gave an instructive opening address. He said that Burns was a great poet—indeed was preeminent the poet of Scotland, that he lived in an age of great statesmen, as he was the contemporary of Burke, Pitt and Fox; and that his writings will endure for ever.

The programme as rendered was as follows:

Piano Solo—Dr. Arellaid.

Song—Mrs. Saunders (encored).

Headings—Miss M. Macdonald (encored).

Song—Mr. Fisk.

Solo—Miss Fisher (encored).

Song—Mr. Phillips.

Quartette—Messrs. Fisk, Phillips, Mrs. Johnson and Miss Phillips.

The chairman then introduced the speaker of the evening Dr. Beane who delivered a very able and interesting address upon the poet which was listened to with warm attention from start to finish. The Dr. is an eloquent speaker and his address was particularly effective and he concluded a half-hour's address amid great applause.

The vocal part of the programme was then continued:

Solo—Mrs. (Rev.) Johnston (encored).

Duet—Mr. Phillips and Miss Carmichael.

Recitation (by request)—Mr. Saunders.

Quartette—Messrs. Phillips, Fisk, Miss Phillips and Mrs. Johnston.

Accompanist—Miss Wainwright.

The Rev. Dr. Macdonald very happily in a few well chosen words moved a vote of thanks to the chairman which was seconded by the Rev. Mr. Johnstone who added some witty remarks. The motion was carried.

Mr. Baxter, Chairman of the social committee moved a vote of thanks to the ladies and gentlemen taking part in the programme. Dr. Beane responded very happily and called upon the audience for "Auld Lang Syne." "God Save The King" brought a very delightful evening to a close.

### HOCKEY

Edmonton folks are going to have a great line of hockey handed out to them next week. This week the big bonspiel has attracted a good deal of attention and created great interest, and next week the stick handlers will again take the ice. There are no less than three matches billed to be played in Edmonton next week, and two more across the river.

On Tuesday night the Intermediate Thistles will appear on the home ice for the first time this season, when the Calgary Intermediates, the bunch the Thistles trimmed in the southern city on New Year's day, will be on hand to show the people how they behave away from home. This is a special trip the Calgary boys are making, and they will play Red Deer on the way to the Capital.

The match here on Tuesday night will be for the set of medals donated some time ago by Frank Goode, president of the intermediate club. The teams are very evenly matched, but while the Calgary clubs are big and strong, the Thistles have the science and play for the puck at all times.

### THE "HUNGRY SEVEN" WON

The Senior and Intermediate Thistles were out for a practice last night, and lined up in the usual manner, the Intermediate forward line defeating the senior forward line. The boys are in good shape for the games next week. It is not known whether Eddie Sibald will appear on the line-up. Likely though, the line-up will be the same as won the Peterson cup.

When the Thistles went to the dressing room, a bunch from J. H. Morris' store and an aggregation from The A. McDonald wholesale house came out on the ice, and attempted to show the crowd that gathered what they could do along the line of hockey. Some were really fine players, some thought they were, and others who apparently appeared for the first time on skates, had an awful time to keep steady and get in a whack at the puck once in a while. But the game was certainly interesting and the crowd laughed till they cried. The referee, "Bob" Hoar, was cruelly imposed upon. The game finally ended with a score of 8-5 for the Morris bunch.

The line-up was this way:

McDONALD CO. MORRIS

Matheson goal Hagan

R. Johnston point Glen Morris

Smith cover Ranton

Hillaway centre E. Bolander

Berry Soles

Nixon right Leamer

ALBERTA EXHIBIT FOR THE DOMINION FAIR

Premier Rutherford received a letter yesterday from I. W. Langley of Halifax, president of the fair association there, asking if Alberta would be able to make an exhibit on the occasion of the Dominion exhibition which takes place in that city, September 22 to October 5th, inclusive.

Mr. Langley suggested that a collection of Indian curios and other articles of western life might be made and if the province did not care to take space and undertake the expense of going in for a building and an exhibit for the association would handle the display. The premier said that the matter had not yet come before the government but he thinks that if an exhibit is made it should be a good one representative of the progress and development of the province of Alberta.

## THE ONLY WAY

Calgary people are quite naturally and quite deeply concerned over the fact that the C.N.R. carries passengers from Winnipeg to Edmonton for \$1.85 less than the rate from Winnipeg to Calgary. The difference is not due to any special affection of the C. P. R. for Edmonton nor to any unusual hostility of that company to the welfare of Calgary. It is simply an example of the company's policy of exacting from the traffic all the traffic can be made to produce. From this condition Edmonton has been relieved by the introduction of railway competition and while Edmonton people would rejoice with Calgary in seeing a readjustment of rates to the southern city along the lines of common business fairness, they do not anticipate the pleasure of doing so until the conditions which have relieved Edmonton are also introduced into Calgary. Fairness under compulsion is the only kind of fairness to be expected from the C.P.R. or any other railway monopoly.

## ALBERTA EXHIBIT AT THE DOMINION FAIR

The proposal that Alberta should have an exhibit at the Dominion fair is well worthy the consideration of the Provincial Government. The fair is a national concern and as such will draw multitudes from all parts of Eastern Canada and from foreign countries who would not attend a local or even Provincial exhibition. Restricting this every other Province in the Dominion may be relied upon to be represented by a suitable exhibit illustrating its natural resources and more prominent industries. If Alberta be not so represented not only will an opportunity for effective advertising be lost but the presence of other Provincial exhibits will deflect public attention from Alberta to the Provinces which advertise their products and capabilities.

An exhibit if such be sent should be representative of the entire Province, of its varied resources and of its advanced state of development. The proposal emanating from a Halifax gentleman that the Alberta exhibit should consist of a collection of Indian curios illustrates a mistaken conception of this country all too common among eastern people and which should not only not be entertained but should be effectively dispelled by an exhibit thoroughly representative of the Province as it is today, not as it was in aboriginal times. We have learned, by all too expensive experience, the readiness of eastern people to conceive and entertain mistaken ideas of the west and it is not desirable that any opportunity should be given the visitors to the Dominion exhibition to imbed the notion that topos and beaded chiefs are the only features of Alberta landscapes and that moosehorns and bison horns are the only marketable products of the Province.

## THE FARMER AND THE FAIR

It may not be inopportune to suggest that more than ordinary attention should be devoted to securing for the exhibition for 1906 a large and representative display of agricultural products. It has been said with some considerable degree of truth that the tendency of the modern fair is away from the "exhibition" and toward the circus. This trend however should not be permitted to control the Edmonton fair at the present juncture and while it may be necessary to provide attractions of many kinds to secure the patronage of the fair-going public the fact should not be lost sight of that the primary purpose of an exhibition is to exhibit the products of the country and by offering prizes for quality to encourage the improvement of such products. The welfare of the Province depends directly on the development of the agricultural resources of the country and it is reasonable that the opportunity should be taken to secure to this industry the benefits of strong competition in exhibits and the encouragement afforded by suitable prizes. This does not mean that the

other attractions of the modern fair should be ignored but that in the desire to provide this entertainment the real purpose for which the exhibition exists should be neither disregarded nor obscured. It is better that the fair should be a distinctly agricultural "show" than that it should be a circus offering temporary entertainment to the public but contributing nothing to the permanent and material welfare of the country, but better still that it combine the substantial benefits of an exhibition with attractions which provide wholesome entertainment.

To properly conserve the agricultural feature of the exhibition it is necessary to secure the active co-operation of the farmers. Under the former management this was possible by the election of prominent farmers to the board of Directors. Should this be impracticable under the present arrangement it should still be possible to enlist the sympathy and secure the assistance of these gentlemen in an advisory capacity. It might also be possible to secure the co-operation of the farmers' organizations whose officers are men of standing in their communities and vitally concerned in whatever tends to the farmer's welfare. The public spirit of the farmers however should not be too severely taxed in the arrangement of prizes suitable and proportionate awards should be made for exhibits of every class of farm produce.

## CURRENT COMMENT

"Edmonton, Sask." is the supposed origin of a despatch appearing in the Winnipeg telegram.

Calgary Herald: Edmonton's experience with franchise hunters ought to be a lesson to every city and town in the new province. It is easy to give away civic privileges but it is another thing to force wild cat corporations to obey the provisions of those franchises.

Calgary Herald: Medicine Hat is deeply concerned over the cordial relations which Edmonton and Calgary now display toward each other, and the papers of the gas town intimate that it is an "unhappy alliance." Really, Medicine Hat ought not to be disturbed because the people of the two Alberta cities have found it in the interest of fairness and progress to avoid senseless agitation.

Speaking in Winnipeg recently Rev. E. J. H. Salter, of the British and Foreign Bible society said: "The nation which buys most largely of the British and Foreign Bible society's books in the N.W. is the Galician. There are in the Edmonton district alone, 50,000 Ruthenians; that is an official census and not a mere guess. We recently sent in one shipment, half a ton of scriptures to these people."

Toronto Star: Where would Canada be now if the Dominion Government had followed the advice of those enthusiasts who urged that this country should pitch in and "help Chamberlain"? The people have overwhelmed Chamberlain and Balfour in the British elections. Suppose those men, in taking their party down to defeat had been tagged all over with Canada's approval—suppose we had made their cause ours in a mixed-up political conflict we did not understand—what position would Canada be in today? The defeat would have been ours and as meddlers we would have deserved all the blows that came to us.

NEW OAT MILL FOR CALGARY—R. D. Ker, of the Brackman-Ker milling company, is in the city today, having arrived from the south last night. While on his way in from the coast Mr. Ker spent a couple of days in Calgary looking over the grounds to select a site for their new mill which is to be built in that town. In conversation with a Bulletin reporter this morning he stated that they had selected a site near the junction of the C. & E., and the main line of the C. P. R., that their plans were all completed and that the construction of the mill will be completed as soon as the spring weather permits.

Mr. Ker did not care to give an estimate as to the cost of the Calgary mill, but stated that it would be modern and complete, designed for the manufacture of rolled oats and breakfast foods. The oats will be bought all along the line and the wheat for the breakfast foods will be drawn from the irrigated lands of south Calgary. A large elevator for storage and classification will be built alongside the new mill.

With regard to local work, Mr. Ker stated that his company has not yet laid down any definite plans for elevator building for the coming summer but that they intended to keep up with the march and that this season would probably see some important work along the C.P.R. extensions and along the Canadian Northern.

Mr. Ker will remain in Edmonton until Monday. He is accompanied on his trip by Mr. H. H. Rutenbury, of Victoria, the well known architect.

This is a good buy, \$19.50 per acre, \$2500 cash, balance to suit purchaser.

All of 8-53-15. Surface slightly rolling, soil black loam, clay subsoil, a creek runs across the east half of this section, water the year round; this is a fine section, and well located, one half miles from railroad siding; \$8.00 per acre, \$2500 cash, balance annual payments.

W. 1/2 9-53-15. Slightly rolling, and nearly all open land, one and a half miles from C. & N.R. siding; \$8.00 per acre, \$1500 cash, balance mortgage four years with option of paying at any time.

S. E. 1/4 12-53-19. Surface slightly rolling, soil black loam, clay subsoil, 75 acres under cultivation, log house 16x24, two stories, kitchen, 12x18, barn and stables, two

good wells of water, and a creek running across one corner. This is a good property for a man wanting an improved farm. Would sell sheep, cattle and horses with the farm. This farm without stock \$3000, half cash, balance two equal annual payments.

TOWNSHIP 54.  
S. 1/2 21-54-16. This half section was picked out some years ago. The soil and location is the best. \$9 per acre, easy terms.

W. 1/2 3-54-26. Almost level, soil of black loam with very little brush, could all be cultivated, but about twenty acres of meadow in one corner. Half a mile from the post office and store. This is a splendid farm and is offered cheap at \$11.00 an acre, \$1000 cash, balance easy terms.

S. 1/2 31-54-15. Good half section near store and school, \$6.00 per acre, \$800 cash, balance easy terms.

TOWNSHIP 55.  
W. 1/2 7-55-25. Surface slightly rolling, soil of black loam, with a clay subsoil. This is an extra good half section for grain and stock, \$10.00 an acre, half cash, balance yearly payments.

S. 1-2 and N.W. 1/4 17-55-25, 480 acres, all fenced with wire and rails, 220 acres under cultivation, four miles from Morinville, a town on the C. N. R., \$17.00 per acre.

N. E. 1-4 34-55-22, and S. 1/2 and N. W. 1-4 35-55-22, 240 acres all fenced with wire, six miles from Fort Saskatchewan, half a mile from school, \$9.00 per acre, easy terms.

TOWNSHIP 56.  
N. W. 1-4 8-56-22. Surface slightly rolling, soil black loam, clay subsoil, 70 acres under cultivation and fenced, about 50 acres of timber. This whole quarter can be cultivated with very little work, has frame house 16x20 one story and a half high, \$15.50 per acre, \$1500 cash, balance mortgage for two years.

N. E. 1-4 10-56-26. This is a fine improved farm, surface slightly rolling, black loam soil, and clay subsoil. Log house 24x20, stables and a half, granary 20x30 hewed log, all fenced with wire, in a good locality. This farm is being offered for \$20.00, and is one of the best buys today.

S. E. 1-4 6-56-23. Locality good, surface slightly rolling, soil a deep black loam, clay subsoil, two miles from school, post office and store, \$7.50 per acre, \$240 cash, balance six equal annual payments at 7 per cent interest.

NINETEEN RESCUED  
FROM A LIFE RAFTRescue Steamer Picks up Exhausted Fugitives From the  
—List of Rescued

Seattle, Wash., Jan. 25.—A special report from Port Angeles at 3.30 a. m. is to the effect that the rescue ship City of Topeka, picked up a life raft yesterday afternoon six miles off Cape Beale with nineteen survivors of the Valencia on board. The men were in a pitiable condition and almost dead from exposure. The rescued are G. D. Harlen, passenger; M. Tarpey, quartermaster; P. O'Brien, waiter; W. Raymond, messman; W. D. Johnson, coal passer; J. C. Egales, fireman; C. F. Leman, first freight clerk; Joseph McLennan, passenger; J. Welch, waiter; C. L. Hawkins, passenger; P. Peterson, second officer; J. P. Odent, waiter; John Johnson, third cook; C. L. L. son, passenger; of St. Paul, Minn.; Thomas Garrick, assistant eng. Minn.; Primer, fireman; William Doherty, fireman.

SOME OF THE PASSENGERS.  
Victoria, Jan. 25.—Among the passengers on the life raft were G. D. Harlen, a bookkeeper of Kootenay, B. C.; J. P. Odent, a waiter; Nelson, B. C.; G. H. Doherty, a former resident of Victoria.

DEATH LIST 119  
and broken. Jan. 25.—The wrecked steamer Valencia, now lies submerged and a portion of the meat that was on board has been turned into water. A fleet of steamships have today been turning their attention to patrolling the vicinity with the hope of finding boats. The wreckage still afloat and will be salvaged. Though chances are small that the parties have today been carrying the most arduous trials, some carrying survivors to those who were washed ashore, others scouring the rugged rocks seeking for survivors that may have reached land and be lying foodless and helpless, and others are engaged in the melancholy duty of recovering bodies. Of the total company of one hundred and fifty-four, but thirty-three have been accounted for and three men believed to be other survivors were seen on shore from the wrecking vessel Orion, near the wreck, huddled about a fire. Six survivors have been taken on Salvano. Nine,

most of the without badly cut up and bruised, they cannot stand, much less walk. A group of men at Darling Creek telegraphed that they had picked up three men from the City of Topeka. The survivors from the wreck added to the dead totals thirty-six, leaving a list of 119 persons. Not a woman or child is among the saved. Scattered about the coast are those on board the Valencia, and the rescue steamer that any others will be rescued, for the doctors on the rescuing tugs say the limit of human endurance will have been passed before this time.

CALGARY WILL ADVERTISE.  
Calgary, Jan. 24.—To raise \$20,000 for publicity purposes is the aim and determination of the council of the Calgary Board of Trade. That was the decision arrived at the meeting of the council that was held yesterday afternoon. There was a very large attendance at the meeting and an amount of business was done. But the feature of the meeting was the enthusiasm over the proposition to raise this large sum of money to be devoted to publicity by advertising the advantages of Calgary and the district in the vicinity of Calgary.

BETTER TRAIN SERVICE.  
Calgary, January 24.—The new train service on the Canadian Pacific Railway, to be resumed on March 1, will place two trains daily each way as far as Calgary on the main line and a double train service each way on the north line, with a single service on Sunday. The north line train which now alternates every other day will be run daily and one Sunday passenger with a sleeper will leave Calgary for Edmonton and a passenger from the north will reach Calgary Sunday night.

TODAY'S WINNIPEG MARKETS.  
Winnipeg, Jan. 26.—Market quotations, No. 1 northern, 76 3/4; No. 2 northern, 74 1/4; No. 3 northern, 72 1/2; No. 2 white oats, 32 1/2; No. 3 barley, 37c; No. 1 flax 11-13.

MORE AUTOMOBILES FOR  
EDMONTON

Look out for the benzine buggy! There will be more automobiles in Edmonton this summer than in any other city of its size in the Dominion of Canada, if the present intentions of citizens are fulfilled.

Corriveau & Manuel, who have established the first automobile garage between Winnipeg and the Pacific Coast, had some of the machines of their first carload out on the streets yesterday afternoon for a trial spin and they are a neat, powerful and very attractive machine. They have already four machines of the Buick type set up and ready for hire to the general public. The machines are all of the same pattern, being capable of developing a speed of forty miles an hour with twenty-three horse power. The machines weigh 800 pounds and are valued at \$1,300 and \$1,500 each.

It is the intention of Manuel & Corriveau, to put in another carload of machines of the same pattern in the immediate future. For this purpose Mr. Manuel will leave with the excursion on the Canadian Northern and will go right through to Chicago where he will take in the Automobile show there on the 13th of February, going from Chicago to Jackson, Mich., where the Buick machine is made, to buy and ship direct from the factory.

Quite a large party of Edmonton business men will take the same trip. J. H. Morris, who intends buying an automobile for his own use, will attend the automobile show and will be accompanied by J. B. Mercer, John I. Mills, W. C. Power, J. J. Anderson of the Union Bank; Peter Anderson, and E. Raymer. The entire party intend to take in the show there, which is the second largest automobile show in America, taking second place only to the New York show. How many automobiles will be bought by the party while in the Windy City is a matter of guess, but one of the party at least has been commissioned to buy three machines for Edmonton men, one of whom is ex-Ald. McLeod.

As Edmonton, with its hundreds of miles of level roads leading in all directions, affords great scope for automobile driving, the popularity of the machine in this city and country is likely to be growing and long-continued.

John Wesley Corouther, who was sentenced to Regina jail on a vagrancy charge, for two months, on December 23 last, died after being incarcerated in the goal for less than a month. An investigation was made and a sum of over \$100, was found secreted in the lining of his coat.

5.—No premiums shall be awarded on exhibits that contain impurities, which in the opinion of the judge, are of a noxious nature.

6.—No exhibits shall receive more than one prize in any class.

7.—All samples of seeds must be labelled after judging with the name and address of the exhibitor, the name of the variety, the amount of seed for sale and the selling price.

8.—In case of a dispute a statutory declaration that the above rules have been complied with, may be required from each or any competitor.

9.—All exhibits for competition for prizes must be delivered at Robertson's Hall, Edmonton, not later than 10 a.m., Monday, February 12, and shall not be removed until the close of the fair.

### PRIZES FOR ESSAYS

The following prizes will be offered for the best essay of not less than 100 and not more than 600 words, on "The Growth of the Wheat Plant," and for the best drawing of a stalk of wheat of not less than five stalks, by any boy or girl regularly enrolled in any country school in the Strathcona, Sturgeon, St. Albert and Stony Plain electoral districts.

These prizes are offered by the M. P. P. for each district and are as follows:—

	1st	2nd	3rd
Essay	\$ 5.00	2.00	\$1.00
Drawing	4.00	2.00	1.00

The following special prizes will be given for the best essay or drawing, selected from the winners of the first prizes in above electoral districts.

Best essay—Set of books, given by H. W. B. Douglas.

Best Drawing—One Dozen Cabinet Photographs of winner, by C. M. Tait.

### RULES

1. Instruction may be given by teacher and parents in the above subjects up to January 31. On February 1, contestants will write their essays or produce their drawings without aid from any source.

2. Essays to be graded as follows: Penmanship, 8; Spelling, 8; Grammar, 8; Punctuation, 8; Individuality, 8; subject matter, 60.

Note—Essays which clearly show that they were written by some person other than the contestant and reproduced from memory will be marked low in individuality.

3. All essays and drawings to give the name, post office, school district and electoral district of the contestant; also the certificate of the teacher stating that rule one has been complied with.

4. School boards are requested to offer suitable prizes for the best essays and drawings in their own districts and arrange for the grading of the same. Those awarded first and second prizes will be forwarded without markings of any kind to indicate their respective standing, to the president of Albert College, Edmonton where they will be graded, then exhibited at the fair and returned to the owner.

5. In districts where no prizes are offered by the school board, pupils may enter the contest, arranging with the teacher for the grading of the essays and drawings and having them forwarded according to rule 4.

### OUTLINE FOR ESSAY

Soil.—Kind of soil best adapted to wheat growing. Proper preparation of soil for wheat. Comparative value of wheat grown on wet and dry soil; on firm and loose soil.

Seed.—Requisites and indications of good seed grain. Treatment of seed grain. Comparative results from sowing strong and weak seed; clean and smutty seed.

Principal Enemy of Wheat.—Smut; causes; losses occasioned by it; prevention.

Harvesting.—Proper time for harvesting. Effect of too early and too late harvesting.

### WINNIPEG MARKETS.

(From the Commercial)

Wheat—Our prices today are: No. 1 northern, 77 1-4c; No. 2 northern, 74 1-4c; No. 3 northern, 72 1-2c; No. 4 wheat, 67c; for immediate delivery. Wheat rejected for smut has been in good demand, and unfortunately the supply of it unusually large. Prices for smutty wheat are 7 1-2c under straight grade, No. 1 rejected and 10 1-2c under for No. 2 rejected. On the option market futures closed Jan. 77c; Feb. 77 1-2c; May 80 5-8c; July, 81 3-4c. All prices are in store in Fort William and Port Arthur.

Oats.—No. 1 oats, 32 3-4c; No. 2 oats, 31 3-4c per bushel in car lots on track, Winnipeg.

### FARMER'S MARKET

Wheat is a trifle lower today than last week, but otherwise the farmer's market is unchanged.

The Dowling-Milling Co. quotes wheat at 55 cents for No. 2 northern, and 60 cents for No. 2.

At the city market oats are still quoted at 23 cents for feed and 25 cents for milling. Barley is 25 cents for feed.

Coal remains unchanged at \$3.50 a ton, and deliveries are large. Other deliveries are light today.

said, "be good and you will be lone-  
some." The great humorist evidently  
overlooked the fact that there are noth-  
ing but good people here, and they are  
never lonesome. Our restaurant is al-  
ways bright and cheery and homelike,  
and the delicious meals that are served  
and the dainty tit-bits that tickle the  
palate make it the place that is sought  
out by epicure and gourmet.

## LOCAL

-Skating at the rink tonight.

-Special services will be continued  
in McDougall church next week.

-Alberta College Literary Society  
meets tonight at eight in the assembly  
hall.

-The Sons of England meet on Mon-  
day evening, January 29, in Unity  
Hall when the advanced degree will be  
put on.

-A concert for the benefit of the  
local Farmer's Association will take  
place at Poplar Lake school house on  
February 9th at 7.30.

-Speaking at Carnduff last week,  
Hon. J. A. Calder foreshadowed the  
erection of a Saskatchewan univer-  
sity, also the establishment of an agricul-  
tural college.

-The annual meeting of the Edmon-  
ton Branch of the Lord's Day Alliance  
will be held this evening in the Epis-  
tolic church at eight. Rev. J. G.  
Shearer, Dominion secretary will ad-  
dress the meeting.

-J. L. Neilson of J. L. Neilson &  
Neilson & Co., Winnipeg, machinery  
dealers, is in town, staying at the  
Pendennis. Mr. Neilson reports pros-  
pects for machinery business in Ed-  
monton are very bright.

-A pretty wedding occurred Wednes-  
day evening at six o'clock at the home  
of John W. Arnott on Boundary av-  
enue. The contracting parties were  
Richard J. Shaw, and Nellie May  
Stark both of Millet. Rev. Oscar L.  
King, of the Free Methodist church,  
officiated; John Silver and wife were  
the witnesses. A bounteous supper fol-  
lowed. Mr. and Mrs. Shaw will make  
their home on Mr. Shaw's farm near  
Millet.

-Referring to a recent meeting of  
the board of trade of that city the  
Montreal Star says: A communica-  
tion from a former resident of Mon-  
treal, who now makes his home in  
Edmonton, enumerates a number of  
industries which might be started with  
profit in that centre. Industries  
which are lacking in  
that section, it appears, and which  
would receive good patronage from the  
local market, include: Furniture  
factory, stove foundry, soap factory,  
boot and shoe factory, ready-made  
clothing factory, distillery, cap, hat  
and fur factory, canning factory, both  
for meats and vegetables; vinegar and  
pickle factory, steam laundry, cigar  
factory.

## C. P. R. REDUCES RATES

Winnipeg, Jan. 24.—An important  
announcement in connection with  
freight rates on the C. P. R. has  
been made by F. W. Peters that the  
rate on freight shipments to Rosher-  
nagar, Duck Lake and McDowell is  
to be reduced and go into effect Jan-  
uary 29th. Reductions to these  
places will also include rates to Prince  
Albert which has become an important  
distributing centre and many large  
shippers will bear of this move with  
pleasure. The reductions are consid-  
erable being 12 cents to first class  
freight, 10 cents on second class, 9  
cents on third, 8 cents on fourth  
and fifth.

was donated by the Alberta Brewing  
and Malting Co. In 1904 the shield  
was won by Gates of Edmonton, who  
is now at Gile. In 1905 it was won  
by E. C. Emery of Edmonton. So that  
this is the first time the shield has  
been taken away from the city.

CAMPBELL WINS McDUGALL CUP  
At noon today the finals in the Mc-  
Dougall cup were played off between  
Campbell and Galbraith, both of Ed-  
monton. Campbell winning out by a  
score of 8-7. The game was a very  
close one. Last year the cup was won  
by Galbraith and the year before was  
won by Ibbotson, of Edmonton. The  
cup is donated by John A. McDou-  
gall.

There were some very close games  
again last night in the Gallagher cup.  
The games are now all confined to the  
curling rink, and the draws are nar-  
rowing down, most of them having  
come down to the finals. In the Gal-  
lagher cup, Smart of Calgary, won  
from Stevenson, of Wetaskiwin, by a  
very close margin. Stevenson missed  
both his last shots, losing the chance

to score. Stephenson, of Red Deer won  
out to the finals from Palmer of  
Calgary.

In the Smart cup draw, Wilson, of  
Innisfail, won out to the finals from  
Galbraith, of Edmonton.

## PAST GAMES NEXT WEEK

try, which they won, gloriously de-  
feating all comers for the cup, given  
by Governor Macdonald. Since that  
time they have played together every  
winter, and always on winning teams.  
They know each other like mules in  
double harness and they work to-  
gether with the niceness and pre-  
cision of long practice. There is  
nothing spectacular or stagy about  
their work, but there is that nice  
slow, clock-work kind of deliberation  
which so often wins from the in-  
dividual stars and which is so sel-  
dom beaten by anything but general-  
ship.

Jocks, at centre forward, is the  
only chain-lightning man on the  
whole team, and when the Edmonton  
boys come to meet them they will  
find a team of wings feeding a centre  
who is a dangerous man all the time.  
"Harry Willie" Howard, who is pos-  
sibly one of the best known hockey-  
ists in all Western Canada, is a slow,  
cool, deliberate, gentlemanly player,  
who is liable to bump in a body check  
which feels like a gun and a half and  
then, after he has finished the rush,  
come back and beg the man's pardon  
for having found himself in the  
emergency where it became neces-  
sary to jar his opponent's disph-  
ragm.

"Weary Willie" is the cap-  
tain of the team, as he has been in  
Roseland for three years and was in  
other teams composed of almost the  
same players for four years before.  
He is the cool head of the bunch,  
the general, who never gets rattled,  
always works, and plays better when  
his team is hopelessly behind than  
when they have certain victory  
within their grasp. Crawford, the  
other forward man, is the heavy-  
weight, hard bumping man of the ag-  
gravation and he is an all-around at-  
tack on the hockey ice. Forward de-  
fence, or goal is all the same to  
and an otherwise impregnable point  
in the enemies' defence is liable to  
fall to "Brian-Evans" lot at any  
stage of the game, with instructions  
not to put the man out of business at  
all. In their defence, the Ros-  
eland team keeps a pretty tight bunch.  
Their goal keeper, McDougall, plays  
with both hands and both feet, and  
the way to get it past him is to tie  
his body extremities and put his  
arms in a straight jacket.

Robertson at point is not excep-  
tionally fast but has the advan-  
tages of precision, lafferty at cover  
point and Jamieson roven are there  
with the goods and run hard to get  
past.
